

**Mr. Gary Eisinger
Oakwood Builders of Collier County Inc.
8030 San Simeon Way
Naples, FL 34109**

Dear Gary,

I want to thank you so much for the work that you recently completed in our Condo. As you know, the job entailed removal and replacement of old tile flooring in our living room, dining area and our kitchen. In addition, it involved the “gutting” of our old kitchen and a complete remodel of cabinets, tile backsplash, counter tops and overhead lighting. The lighting includes new recessed soffit lighting and overhead main lighting.

Based on recommendations from previous customers, we gave you complete access to our condo to perform the work while we were not present. This trust proved to be well founded. In addition, my wife Laurie and I appreciated your constant communication and updates that you provided to us.

We are so very pleased with the outcome of the project along with the professional manner in which you dealt with us. I could not be happier that we chose your company to perform the work. Please feel free to supply our name and contact number for anyone looking for a reference as to the quality of your work. I can honestly say that we were completely satisfied with every aspect of the work that you provided to us. The final product was absolutely beautiful!

Thanks again Gary!

Sincerely,

A handwritten signature in black ink, appearing to read "Richard Maloney", with a large, sweeping flourish at the end.

Richard Maloney

RE: Sherwood Condominiums
Unit 225/104

Dear Gary:

Last June I contracted with you to remediate the mold and moisture infestation in my referenced unit above. After our initial review of the project and financial commitment you commenced the remediation exactly on schedule. The completion was shortly after Labor Day and my unit was completely free of moisture and mold.

During the remediation process you hired and supervised several sub-contractors and their jobs were completed on schedule and I was pleased with the results. You also helped me select plumbing, flooring, fixtures and miscellaneous items that contributed to the coordination of colors, texture and appearance. Lastly, your honesty and integrity in applying credits to the contract price before I noticed or requested the credit for items that were not required.

It would be an understatement to say that I was completely satisfied with your work and the remediation of my unit. You are a rarity amongst contractors and I am glad to recommend you, without reservation, to any of your prospective clients. You may have them contact me directly by E-mail or telephone.

Thank you again for a job well done.

Richard

Dear Gary,

I wanted to take a moment to thank you for the amazingly thorough inspection you performed of my home recently. This is the second home that I have purchased and I can honestly say that your inspection was by far the best I have ever witnessed. Your attention to detail and your systematically meticulous review of the property led to critical revelations about the home's overall condition that we addressed with the seller prior to the closing. Having the confidence to know that the biggest investment my family and I will make is not an equally large headache is priceless.

I truly appreciate your professionalism and the patience you showed by answering all of my remedial questions. I feel lucky to have had the opportunity to meet you and have you perform my home inspection. Thank you!

Best regards,

Adam Bourk

To Whom This May Concern:

It is with great pleasure to write a character reference for Gary Eisinger.

I have known and worked with Gary since 2008. Recently Gary worked as a Building Superintendent / Project Manager on an office build out of more than sixty thousand square feet of office space. The project was completed to perfection and on schedule. He has an infinite knowledge of many trades which makes him more indispensable. Gary has the right attitude on whatever he undertakes.

I can assure you that if I had a project management position open, I would hire him. He is creative, deeply conscientious, professional and hard-working.

I strongly recommend him and am sure you will be more than satisfied with his performance with your company.

Sincerely,

A handwritten signature in cursive script that reads "Mark L. Callis".

Re: ***Gary Eisinger***

To Whom It May Concern:

It is my pleasure to write a letter of recommendation for Gary Eisinger.

Gary was employed with DeAngelis Diamond Construction and Build for over 5 years. In his position, he has proven himself to be an excellent and invaluable member of the Construction Management Team. He was a Superintendant for multiple projects. Gary has exhibited the following traits and skills with exemplary execution:

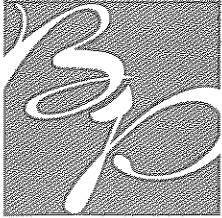

- Multi-tasking, works well under pressure
- Can be trusted with confidential information
- Works effectively with staff and co-workers
- Positive attitude
- Attention to detail and conscientious
- Dedicated, dependable, flexible, and motivated
- Intelligent, mature, and well-rounded professional
- Quick learner, adaptable, and committed to excellence

I believe Gary will make an excellent team member for any company by which he is employed.

Sincerely,

A handwritten signature in black ink that reads "Jay Howard". The signature is fluid and cursive.

To whom it may concern;

It is our great pleasure to write a letter of recommendation on the behalf of Gary Eisinger. We recently enlarged and renovated our office and Gary was the onsite supervisor for all day to day activities. Gary was knowledgeable, organized and always courteous and polite. His knowledge of the many facets of this construction was extremely helpful. Our project was done in three phases, all while we remained open for business. Gary was instrumental in accomplishing this project seamlessly.

We had two existing dental buildings, approximately 27' apart. Our goal was to fill in the middle section, connect the three entities and remodel the older buildings. Gary worked very well with many different subcontractors on many levels. Our business, being a dental office, had many unique and challenging components. Gary would work with the dental architect, the building architect and the landscape architects to coordinate their involvements at the different times needed. Gary would tirelessly fill in the missing links as different challenges arose. We always knew and were confident that Gary would solve the problem or find a solution.

In all areas, Gary Eisinger has gone beyond our expectations and he was a great asset to our project. Should we consider another project, we would not only consider Gary, we would request him personally to be involved.

Sincerely,

Carol LeBeau,MAcc

Dear Mr. Eisinger:

I just wanted to write to you in regards to the wonderful job you have performed in the renovation of my guest room into a fantastic working hair salon. Your work speaks for itself and I could never have been more pleased. You took just a plain looking room from scratch and transformed it into a beautiful work of art.

You have captured every detail that I wanted and then some. If it weren't for your keen insight and knowledge, I would have not been able to attain the salon I have worked for.

Every client that has stepped into the salon has been thoroughly impressed.

I am truly happy and satisfied with your work and expertise and will make sure and recommend you to anyone I come in contact with.

Thank you again for such professionalism, care, and realizing what my hopes were for the salon.

You have exceeded my expectations and I wish you the best in the future.

I encourage you to use me as a reference anytime someone may ask you for one.

Best wishes to you and in your next endeavors,

Sincerely,

RE: Gary Eisinger-Build LLC

To Whom It May Concern:

I would just like to recommend Gary Eisinger of Build LLC. He has done work on our new store in Naples.

Gary is the kind of builder you want working on your project, he is always available for consults, always ready to with an idea on how to make the project work, in a cost effective and expedient manner. He always asked if there was anything else that we needed or how he could be more effective in his job. At the end of the build out, any problems, and they were few, were handled in a prompt and professional manner.

It has been our great pleasure to work with Gary and we would highly recommend him to anyone. Please feel free to call me if you have any questions on Gary or his work.

Respectfully,

Joseph Du Bois
